

CLOE

Clusters Linked Over Europe

European Network of Excellence for Cluster Management, Matching and Promotion

Ralf Eichhorn, Economic Development Karlsruhe

Stockholm, 23 January 2008

- **INTERREG IIC - Fast Track Experimentation / Regions for Economic Change**
- CLOE network is a living lab for successful cluster creation and policies (Regional action plans) and involvement of national authorities
- operative bottom-up approach → close co-operation with cluster managers, cluster companies and entrepreneurs
- activities focused on requirements of industry
- total budget of €2.3 million, co-financed from EU's

INTERREG IIC programme

CLOE – members

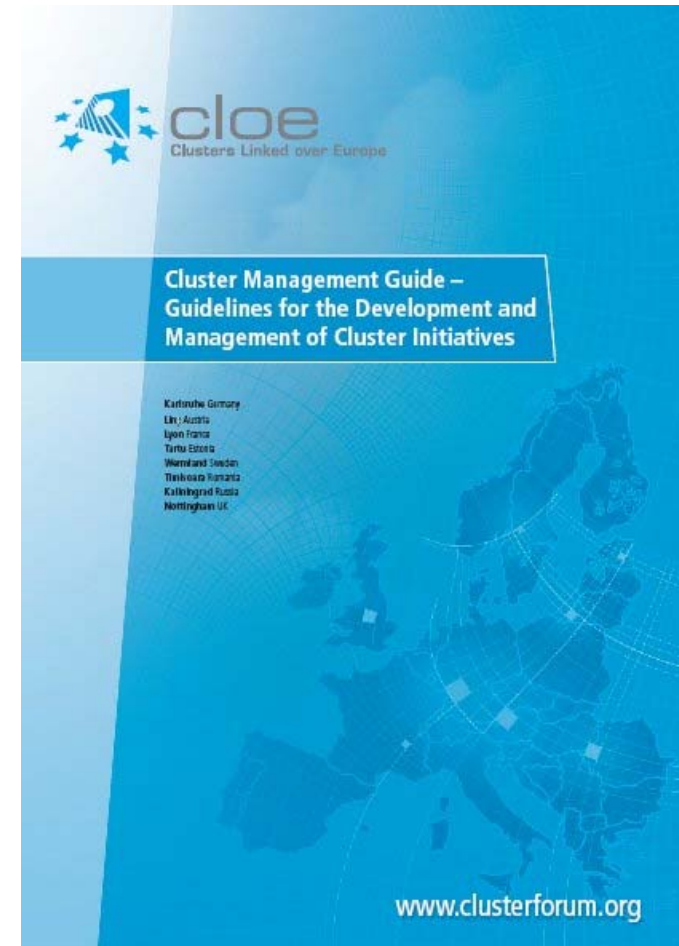

- 23 clusters
- 18 partners
- 15 regions
- 14 countries

Project
part-financed by the
European Union

Achievements

- **Cluster Management Guide**
- **website with CLOE database (cluster profiles and company competences)**
- **organisation of numerous events to enable partners to meet on a regular basis in order to support co-operation**
- **international links: China / India strategy**
