

# Linking bioclusters across borders: The ScanBalt Competence Region

- Which are the principal achievements so far by ScanBalt Competence Region?
- What are the primary shortcomings in today's ScanBalt setup? Which are the most urgent issues for improvement?
- How to develop further the ScanBalt vision? What more will be needed to achieve that vision?
- How to adjust or harmonize regional, national and European policies in support of cross-border cluster collaboration such as ScanBalt?
