

# Inspiration för finansierings- och innovationsmöjligheter inom digitalisering i ett internationellt samarbete

# Del 1: 9:00 – 9:55

---

- Välkomna
- Horisont Europa
  - Kluster 1 – Hälsa
  - Kluster 3 – Civil säkerhet för samhället
  - Kluster 4 – Digitala frågor, industri och rymden
  - Kluster 5 – Klimat, energi och mobilitet
  - Missions
- Inspirationssamtal
- Frågestund
- Bensträckare (9:55 – 10:00)

Syfte: Att inspirera om finansierings- och innovationsmöjligheterna inom digitalisering i Horisont Europa

# Del 2: 10:00 – 10:30

---

- Eureka
  - Tematiska kluster
  - Eurostars
- Vinnovas utpekade länder
- Frågestund
- Avslut

**Syfte:** Att inspirera om finansierings- och innovationsmöjligheterna inom digitalisering bortom "Europas" gränserna

# Cluster 1 Health

# The digital transformation of health and care

## Aims

- High quality digital services for all
- help to increase the capacity of health care systems
- deliver more personalised and effective health and care
- less resource wasting

# Topics- call examples

- Expanded **access to health data**, and innovative digital services for high-quality health and care across the EU.
- Innovations in the health sector **leverage new solutions** such as AI and big data
- European Health Record (EHR) stakeholders have at their disposal standards, guidelines, and toolsets for prioritised health information domains **to address interoperability, security and privacy**
- Data Users (researchers, innovators, regulators, policymakers, clinicians) are able to **identify the most relevant datasets** that meet their specific needs for digital solutions in a healthy society
- Researchers, innovators and healthcare professionals benefit from **better linkage of health data** from various sources and have **access to advanced digital tools**

# Digital health calls cluster 1

## Destination 1

[HORIZON-HLTH-2024-STAYHLTH-01-05-two-stage](#): Personalised prevention of non-communicable diseases - addressing areas of unmet needs using multiple data sources

## Destination 5

[HORIZON-HLTH-2023-TOOL-05-04](#): Better integration and use of health-related real-world and research data, including genomics, for improved clinical outcomes

[HORIZON-HLTH-2023-TOOL-05-09](#): Developing a Data Quality and Utility Label for the European Health Data Space

## Destination 6

[HORIZON-HLTH-2023-IND-06-02](#): Expanding the European Electronic Health Record exchange Format to improve interoperability within the European Health Data Space

[The Digital Europe Programme \(DIGITAL\)](#) – Includes also health topics

# Horizon Europe

## Cluster 3 - Civil Security for Society

“As an overarching priority, effective support will be provided to practitioners, law enforcement agencies, first responders and other public authorities or private entities which are ensuring the security of European citizens, infrastructures and assets in general.”

# Cluster 3 - Civil Security for Society

1. Better protect the EU and its citizens against **crime and terrorism**
2. Effective **management** of EU external **borders**
3. Resilient **infrastructure**
4. Increased **cybersecurity**
5. **Disaster-resilient** society for Europe

# Topics – calls examples

- **Processing of large, complex and unstructured datasets** resulting from criminal investigations, while reconciling big data analysis and data protection
- **Interoperability of systems and equipment** at tactical level; between equipment and databases; and/or between databases of threats and materials
- **Advanced real-time data analysis** used for infrastructure resilience
- **Secure Computing Continuum** (IoT, Edge, Cloud, Dataspaces)

# Topics – calls examples

- Security of **robust AI systems**
- Increased **technology solutions, institutional coordination and decision-support systems** for first responders of last-kilometer emergency service delivery
- Robotics: **Autonomous or semi-autonomous UGV systems** to supplement skills for use in hazardous environments

[Access the Work programme 2023-2024 here](#)

# Global Challenges and European Industrial Competitiveness

Boosting key technologies and solutions, underpinning EU policies and Sustainable Development Goals

**Health**

**Culture,  
Creativity and  
Inclusive Society**

**Civil Security  
for Society**

**Digital, Industry  
and Space**

**Climate, Energy  
and Mobility**

**Food, Bioeconomy,  
Natural Resources,  
Agriculture and  
Environment**

**Joint Research Centre**

A satellite view of Europe from space, showing the continent's outline and city lights at night. The background is a dark blue space with stars and the Earth's horizon. The text is overlaid in white.

# Global Challenges and European Industrial Competitiveness Cluster 4

# Digitalisation is everywhere

Core and generic digital technologies -> Digital, Industry & space

Demonstrate viability somewhere, but don't lose sight of the generic usability

Being an enabling technology means that it is present in all clusters !!

1. Health – Medical technologies, patient data, AI for health, personalized health care ...
2. Culture, creativity, Inclusive Society – eGovernment, access to cultural heritage, digitization of creative sector ...
3. Civil security for society – cyber crime, critical infrastructure protection, digitization of rescue services, ...
5. Climate, Energy, Mobility – Smart Energy Grids, Autonomous vehicles, climate observation technologies, ...
6. Food, Bioeconomy, Natural Resources, Agriculture and Environment – Digitisation of agriculture ...

# Cluster 4 - Destinations

- **Destination 1:** Climate neutral, circular and digitised production
- **Destination 2:** Increased Autonomy in Key Strategic Value Chains for Resilient Industry
- **Destination 3:** World leading data and computing technologies
- **Destination 4:** Digital and emerging technologies for competitiveness and fit for green deal
- **Destination 5:** Strategic autonomy in developing, deploying and using global space-based infrastructure, services, applications and data
- **Destination 6:** A human-centered and ethical development and industrial technologies

● Proposers indicated possible synergy  
○ Possible additional synergies

# Cluster 5 Climate, Energy and Mobility

Accelerating green and digital transformation of economy, industry and society achieving climate neutrality in Europe by 2050

**Destination 1**  
Climate sciences and responses

**Destination 2**  
Cross-sectoral solutions for the climate transition

**Destination 3**  
Sustainable, secure and competitive energy supply

**Destination 4**  
Efficient, sustainable and inclusive energy use

**Destination 5**  
Clean and competitive solutions for all transport modes

**Destination 6**  
Safe Resilient Transport and Smart Mobility services for passengers and goods

# Digitalisation and internationalisation in Cluster 5 Climate, Energy and Mobility

To find a topic of your interest in the work programme for 2023-2024:

- [wp-8-climate-energy-and-mobility\\_horizon-2023-2024\\_en.pdf \(europa.eu\)](#)

Make a search for e.g., digital, digitalisation, digital twin, international cooperation – or any key word that are of your interest.

Participants from international low- to middle-income countries are automatically eligible for funding in Horizon Europe:

[https://ec.europa.eu/info/funding-tenders/opportunities/docs/2021-2027/common/guidance/list-3rd-country-participation\\_horizon-euratom\\_en.pdf](https://ec.europa.eu/info/funding-tenders/opportunities/docs/2021-2027/common/guidance/list-3rd-country-participation_horizon-euratom_en.pdf)

Also, the global initiative Mission Innovation catalyse actions to, among other things, make clean energy affordable. [Mission Innovation – Catalysing Clean Energy Solutions for All \(mission-innovation.net\)](#)

# Contact information for Cluster 5

**Cluster 5 area:**            **National Contact Person, NCP:**

Main NCP and    Annika Strömdahl (Vinnova)  
Mobility:        [Annika.stromdahl@vinnova.se](mailto:Annika.stromdahl@vinnova.se)

Energy:          Alexandro Caruso (Energimyndigheten)

Climate:         Sule Karamik (Formas)  
                      [sule.karamik@formas.se](mailto:sule.karamik@formas.se)

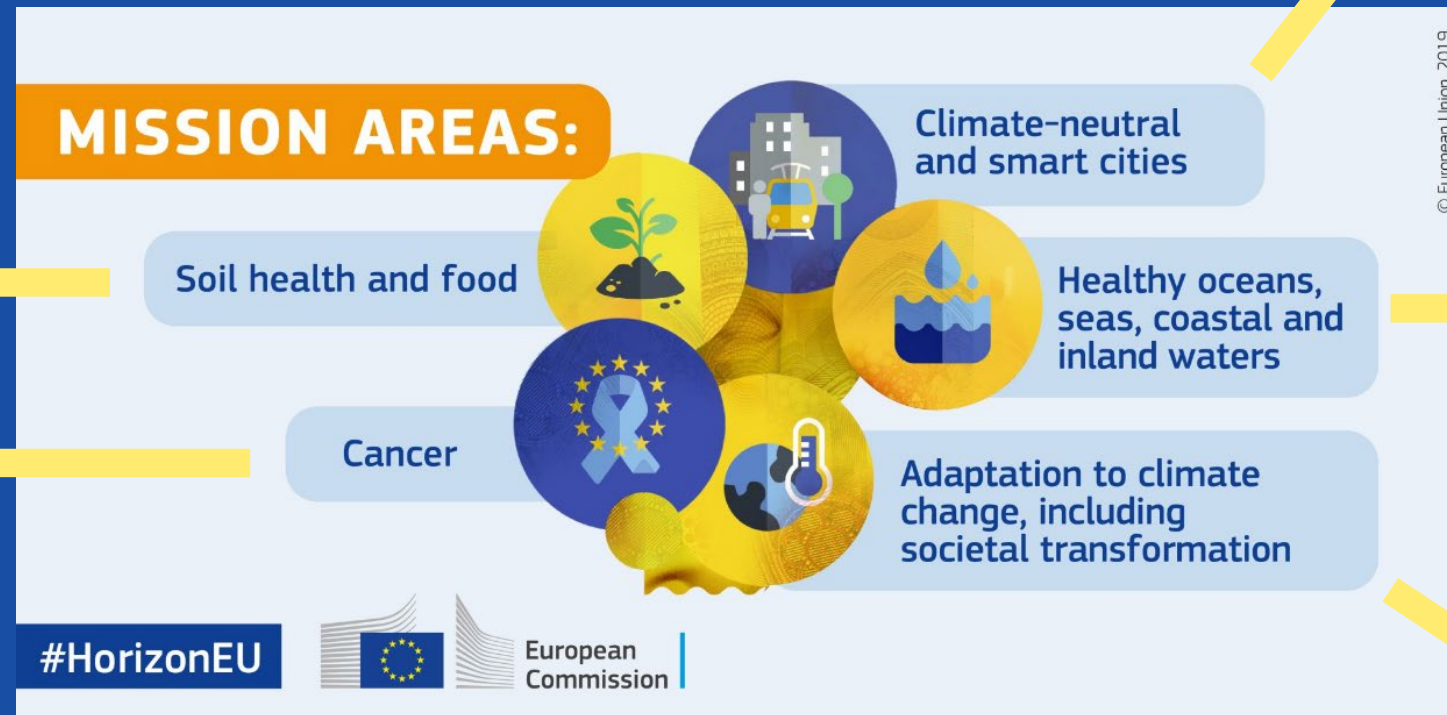

# EU Missions

Tackling societal challenges with systemic solutions, leading to societal transformations and social impact.

Digital twins of Positive clean Energy Districts (PED)

Digital tools in primary production and food industries

Digital transformation of research, innovation and health systems

Digital twin ocean & local digital twins

Digital monitoring solutions

# Digital twin Ocean

Digital knowledge system providing access to vast amounts of data, models, artificial intelligence and other tools, which will allow the replication of the properties and behaviours of marine systems, including ocean currents and waves, marine life and human activities, and their interactions, in and near the sea.

[HORIZON-MISS-2023-OCEAN-01-08](#): Integration of socio-ecological models into the Digital Twin Ocean (RIA)

[HORIZON-MISS-2023-OCEAN-01-09](#): Roadmap towards the integration of inland waters into the Digital Twin Ocean (CSA)

Deadline date 20 September 2023 17:00:00

# Eureka in Sweden

## COLLABORATION FOR INDUSTRIAL RESEARCH AND DEVELOPMENT

EUREKA is a programme aimed at strengthening the competitiveness of European industry on the world market and creating collaborations between companies and researchers in the participating countries. The programme finances market-oriented project for the development of new products, services and processes.

- Vinnova is the national contact authority for EUREKA in Sweden, finances and administers funding for Swedish actors.
- Vinnova offers information and the opportunity to apply for funding for Swedish participants in EUREKA projects.
- Vinnova allocates around 200 MSEK per year for the EUREKA collaboration, mostly in the programs Eureka clusters (100 MSEK) and Eurostars (100 MSEK).

# Eureka clusters

CALL 2022-2023

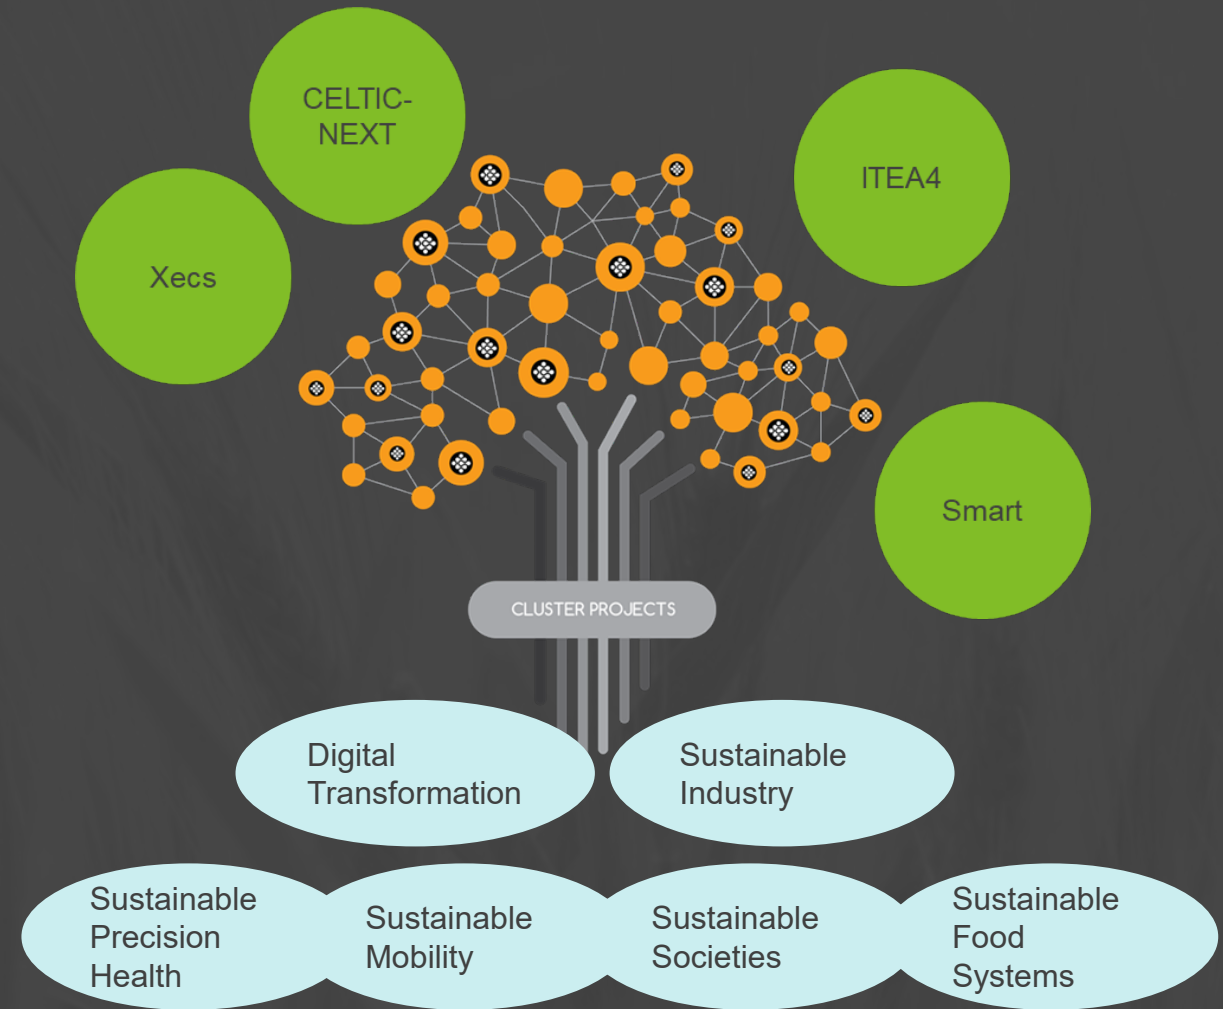

## Who can apply?

- SMEs, Large companies and Universities and Research Institutes in Europe and beyond who share the same goals and have national funding available to organisations who apply through the cluster programmes.
- At least 2 project participants from 2 countries.

## What can you apply for?

- Development of innovative products, services and processes in thematic areas the clusters focus on.
- Project duration up to 36 months.

[Eureka clusters fund international industrial cooperation | Vinnova](#)

# Eureka clusters

CALL 2022-2023

## How much can you apply for?

- 5-15 MSEK per project from Vinnova to Swedish participants
- SMEs 50% of costs. Large companies 30%. Universities and Research Institutes 100%
- Max 50% of the entire Swedish consortium's eligible costs

## Open calls:

- Celtic-Next: Opened 24 jan 2023
- Smart: Opened. Closes 03 may 2023
- Xecs: Opened. Closes 23 feb 2023

## Closed calls:

- ITEA 4: Closed 15 nov 2022

## Vinnovas nyhetsbrev om Horisont Europa, februari 2023

### Ett EU-ordförandeskap och ett nytt EU-nyhetsbrev

Sveriges EU-ordförandeskap har inletts. Sveriges prioriteringar – Säkerhet; Konkurrenskraft; Grön omställning och energiomställning; Demokratiska värden – genomsyrar också det europeiska samarbetet inom innovation. För Vinnovas del innebär ordförandeskapet aktiviteter, utmaningar och möjligheter på hög nivå.

Inom EU-samarbetet stöttar Vinnova svenska aktörer som vill söka finansiering från forsknings- och innovationsprogrammet Horisont Europa. [Nationella kontaktpersoner \(NCP\)](#) hjälper och guidar dig rätt. Vinnova och Vetenskapsrådet driver gemensamt [Sveriges forsknings- och innovationskontor i Bryssel, SWERI](#). Kontoret främjar bland annat svenska aktörers intressen inom de europeiska forsknings- och innovationsprogrammen.

Som en extra satsning lanserar vi på Vinnova detta nyhetsbrev om Horisont Europa. Det är ett led i att stärka kunskapen och informationen kring EU:s forskningsprogram och kommer att innehålla nyheter om utlysningar och andra möjligheter. Ta gärna kontakt med oss på Vinnovas EU-enhet om du har frågor! Vi ser fram emot att träffas och prata om Horisont Europa.

Fredrik Friberg, chef för EU-enheten
