# The Call in short

- Overall budget: 30 MSEK
- Funding: min 2 – max 7 MSEK
- Grant up to 60% of the project's eligible costs.
- Duration of projects: 12 to 36 months
- Two or more participants, including representation of the described customer need.
- Deadline: March 25th

## What can you apply for?

Applied and demand-driven research and innovation projects with great demonstrable potential that through collaboration develop enabling technology and capabilities in advanced and innovative AI. The projects must reach TRL 4 to 7.

## Who can apply?

A consortium with at least two participants, of which at least one is a needs owner from the corporate or public sector. Universities, colleges, research institutes and other relevant organizations can participate.

## How much can you apply for?

It is possible to apply for 2 to 7 million SEK in funding per project. The grant may correspond to a maximum of 60 percent of the project's eligible costs. The call's preliminary budget is SEK 30 million.

# Purpose of the call

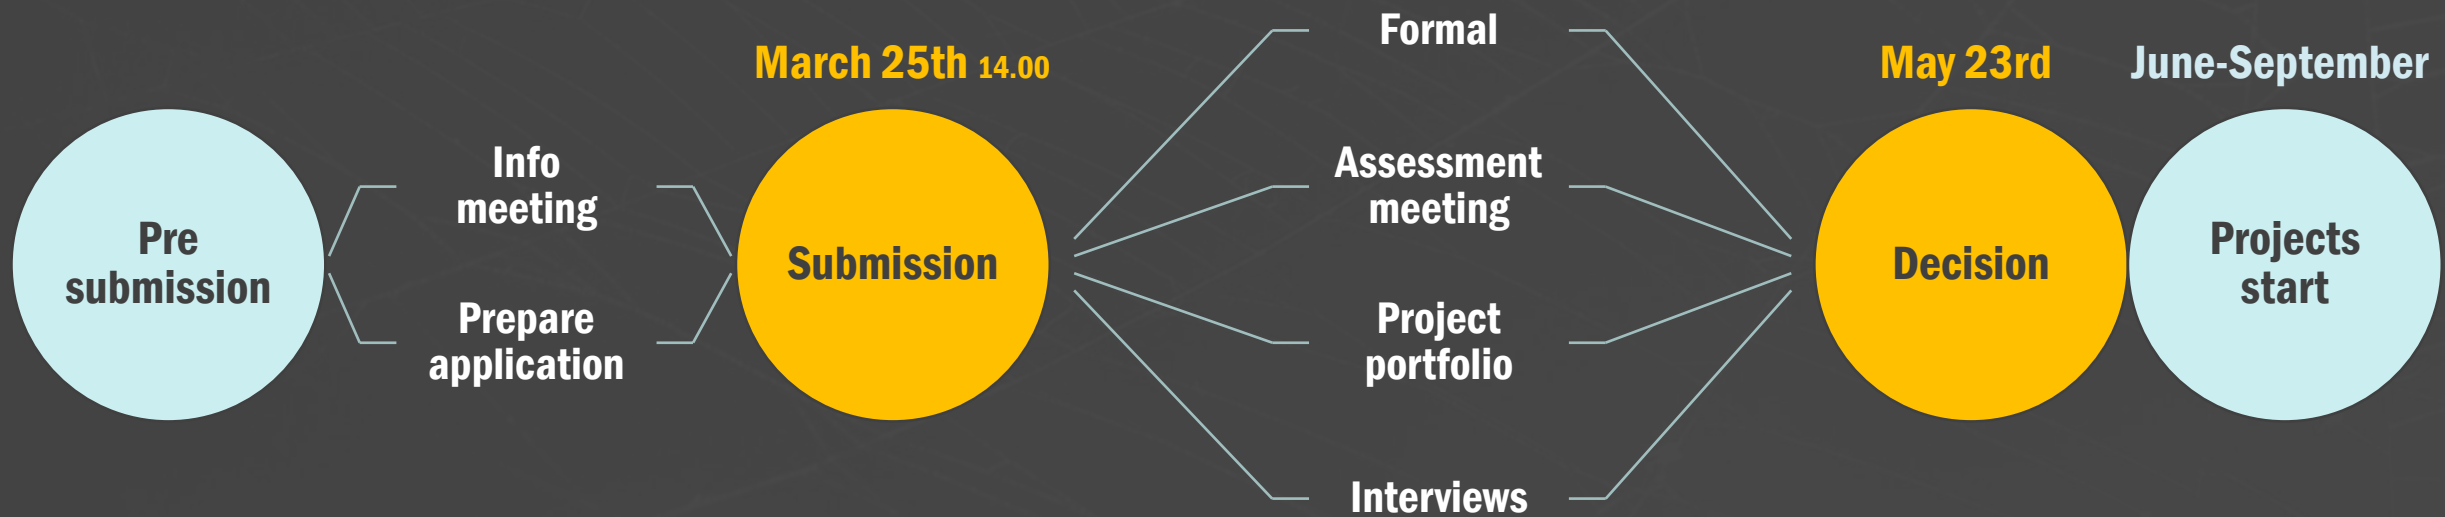

**To strengthen  
Sweden's capability and innovation capacity  
in the field of AI**

# Viewpoints

INNOVATIVE HEIGHT  
DEMONSTRABLE POTENTIAL  
AI FOCUS

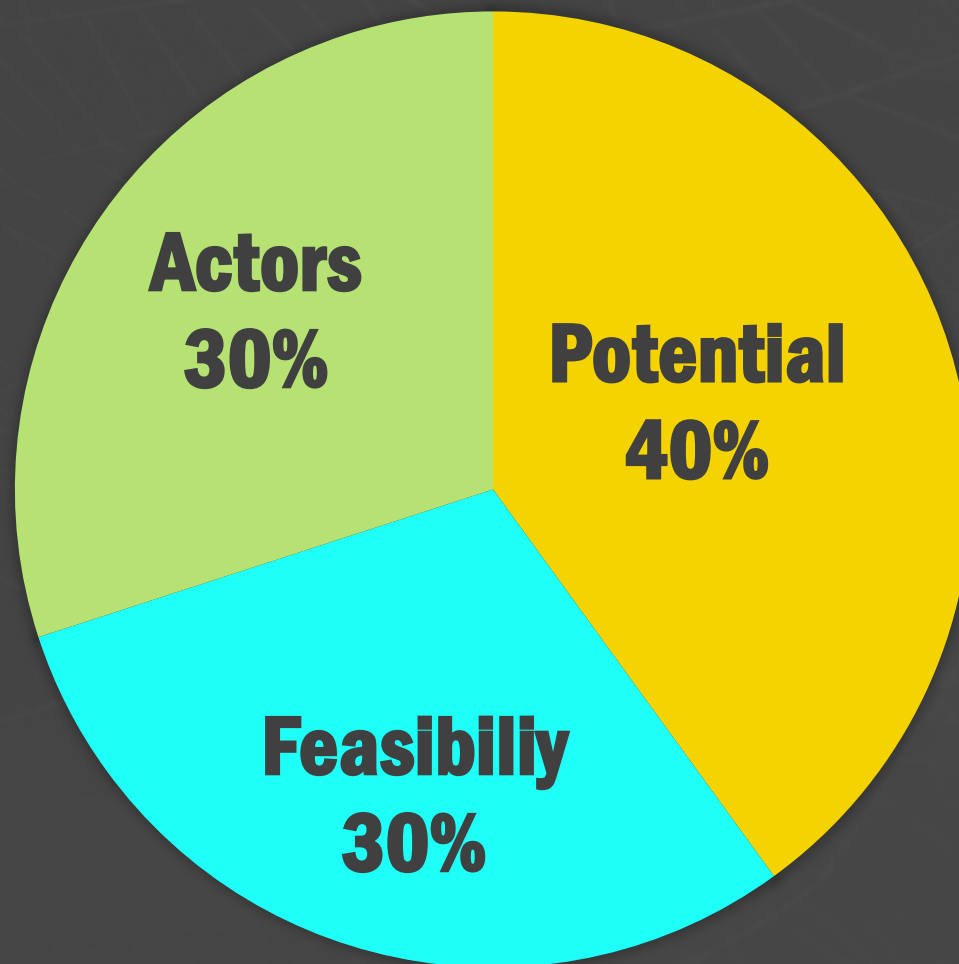

# Assessment process

# ASSESSMENT CRITERIAS

# Recommendations and tips

- Use the templates
- Do research and describe potential, benefits and where your contribution is
- Include and involve the need owners

# Frequent questions

What is *Innovative AI*?

*“The projects can also be part of a larger innovation collaboration with, for example, foreign actors where Vinnova finances the Swedish part.”*

- How will this happen and what do we need to think of?

What is a “needs owner” and why do they have to be involved?

How do you evaluate the TRL levels, is higher better?
