A new push for European democracy

Promoting our European way of life

An economy that works for people

A Europe fit for the digital age

A stronger Europe in the world,

A European Green Deal

**THE GLOBAL GOALS**  
For Sustainable Development

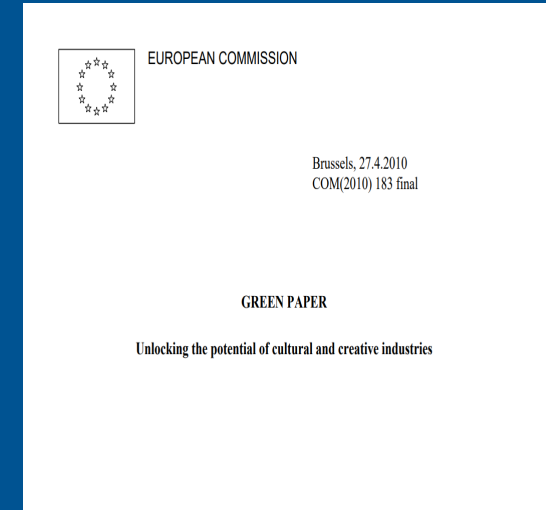

# Policy areas

Freedom in the World 2020  
A Leaderless Struggle for  
Democracy

Europe catching-up or falling  
behind in the age of  
Industry 4.0 and Society 5.0

The New European Bauhaus:  
“I want NextGenerationEU to kickstart a European renovation wave and make our Union a leader in the circular economy. But this is not just an environmental or economic project: **it needs to be a new cultural project for Europe.** “ (Ursula Von der Leyen)

# Types of calls

- Research & Innovation actions - RIA
- Innovation actions - IA
- Coordination & support actions - CSA

# Who can apply?

- Universities and research institutes
- Local, regional and national public administrations
- Museums, cultural institutions and the cultural tourism industry
- Small and medium-sized enterprises (SMEs) in the field of digital technologies such as augmented reality and virtual reality
- Non-governmental organisations (NGOs) active in the field of migration and radicalisation

# Minimum consortium size

- **Collaborative projects** (incl. RIAs, IAs): Usually a consortium must have a minimum of **3 independent legal entities**, each established **in different EU Member States (MS) or Associated Countries (AC)**, with at least 1 of them established in a MS.  
**3<sup>rd</sup> countries can join in addition to these 3 minimum participants.**
- **Coordination & Support Actions:** One or more legal entities, which may be established in a MS, AC, or in exceptional cases and if provided for in the specific call conditions, in another third country.

# Overhead 25%

In Horizon Europe, indirect costs (overheads) are funded at a flat rate of 25 % of the eligible direct costs (with the exception of some specific costs, as e.g. subcontracting).

"Indirect costs" are costs which are necessary for implementing the project, but are not "directly" linked to it (because their share in the project cannot be exactly established). Typical examples include costs of renting, operating costs, cost of office equipment, telephone and copy costs.

## **Funding rate per project type:**

RIA 100%

IA 70%

CSA 100%

# Cluster aims

- Enhancing democratic governance and citizens participation
- Safeguarding and promotion of cultural heritage
- Respond to multifaceted social, economic, technological and cultural transformations

# Points to consider

# Success factors

Points to consider when writing a proposal:

- Timing is key
- Policy-connection
- EU-relevance

# Impact

- Destinations
- Call areas
  - Topics
    - Specific conditions
    - Expected Outcomes
    - Scope
- Other Actions

## Table of contents

Introduction..... 6

## DESTINATION 1 - Innovative Research on Democracy and Governance 10

Call - Protecting and nurturing democracies.....12

Conditions for the Call.....12

HORIZON-CL2-2021-DEMOCRACY-01-01: The future of liberal democracy in Europe13

HORIZON-CL2-2021-DEMOCRACY-01-02: Economic models and modern democracies.....14

## HORIZON-CL2-2021-TRANSFORMATIONS-01-03: Determining key drivers of inequality trends

### Specific conditions

<i>Expected EU contribution per project</i>	The EU estimates that an EU contribution of between EUR 2.00 and 3.00 million would allow these outcomes to be addressed appropriately. Nonetheless, this does not preclude submission and selection of a proposal requesting different amounts.
---	--

<i>Indicative budget</i>	The total indicative budget for the topic is EUR 10.00 million.
--------------------------	---

<i>Type of Action</i>	Research and Innovation Actions
-----------------------	---------------------------------

Expected Outcome: Projects should contribute to the following expected outcomes:

- Analyse the main drivers of inequality trends, considering both inequality of opportunities and inequality of outcomes in terms of conditions of life, economic

**Scope:** In the light of increasing economic and social inequalities and regional disparities in terms of both economic and other outcomes and opportunities, research should analyse the main reasons for the increasing inequalities reported in the last decades worldwide and, thereby, identify whether this is primarily policy driven and/or the result of different factors related to globalisation and technological innovations. More specifically, research should examine whether inequality dynamics are determined by different trends:

# Net4Society Networking Platform

## Net4Society Cluster 2 Networking Platform

The Networking Platform is open all year round and offers you the chance to find partners for all upcoming Cluster 2 calls.

- Are you looking for additional partners for your already existing project consortium to apply for funding in Cluster 2?
- Are you interested in a specific Cluster 2 topic and would like to join forces with other partners to build up your consortium?

Our networking platform brings together participants from all over Europe and beyond. It is the unique opportunity to generate new contacts and to build up project consortia.

SSH Funding Opportunities

## Cluster 2 **CULTURE, CREATIVITY & INCLUSIVE SOCIETY**

Net4SocietyHE (N4SHE) is the transnational network for Cluster 2 "Culture, Creativity and Inclusive Society" (CL2) National Contact Points (NCPs) in Horizon Europe. NCPs are officially designated to advise researchers and other relevant, eligible stakeholders in their efforts to secure EU funding. N4SHE builds on Net4Society, the network for Societal Challenge 6 NCPs in H2020, and NCPs for Socio-economic Sciences and Humanities in FP7 (started in 2008) and will further develop services and tools created by its predecessor to help NCPs to succeed in their work.

To support SSH Integration across Horizon Europe, Net4SocietyHE will organise SSH-themed brokerages, special training on the topic for NCPs, and publish an "SSH Opportunities" document, highlighting SSH research funding chances beyond flagged topics within Horizon Europe, including in missions and partnerships, and separately publicize opportunities in other EU Programmes.
