

How can the public sector become proactive in dealing with complex challenges?

7 OCTOBER 2020

A PART OF THE SWEDISH INNOVATION WEEK

VINNOVA
Sweden's Innovation Agency

Agenda 7 October 2020

- **Welcome and introduction from Vinnova**
- **OECD's Observatory for Public Sector Innovation (OPSI) and their work on Anticipatory Innovation Governance Programme**
- **City of Helsingborg – a case**
- **A panel discussion with the speakers**

Questions and reflections from the participants will be possible during the webinar.

Speakers

Mr Jakob Hellman, acting head of department, Innovation management division, Vinnova

Mr Jonny Ivarsson Paulsson, programme director and national contact person for OPSI, Vinnova

Ms Angela Hanson, lead in innovation tools and methods at OECD-OPSI

Ms Piret Tönurist, anticipatory innovation program manager at OECD-OPSI

Mr Kent Aitken, lead in innovation skills and capacities at OECD-OPSI

Mr Micco Grönholm, head of future, the city of Helsingborg

An aerial photograph of a vast sea of icebergs. The water is dark blue, and the icebergs are white and light blue. The sun is low on the horizon, creating a bright, shimmering reflection on the water's surface. The sky is a pale blue with some light clouds.

**Innovation has never
been more important**

AND IT IS URGENT

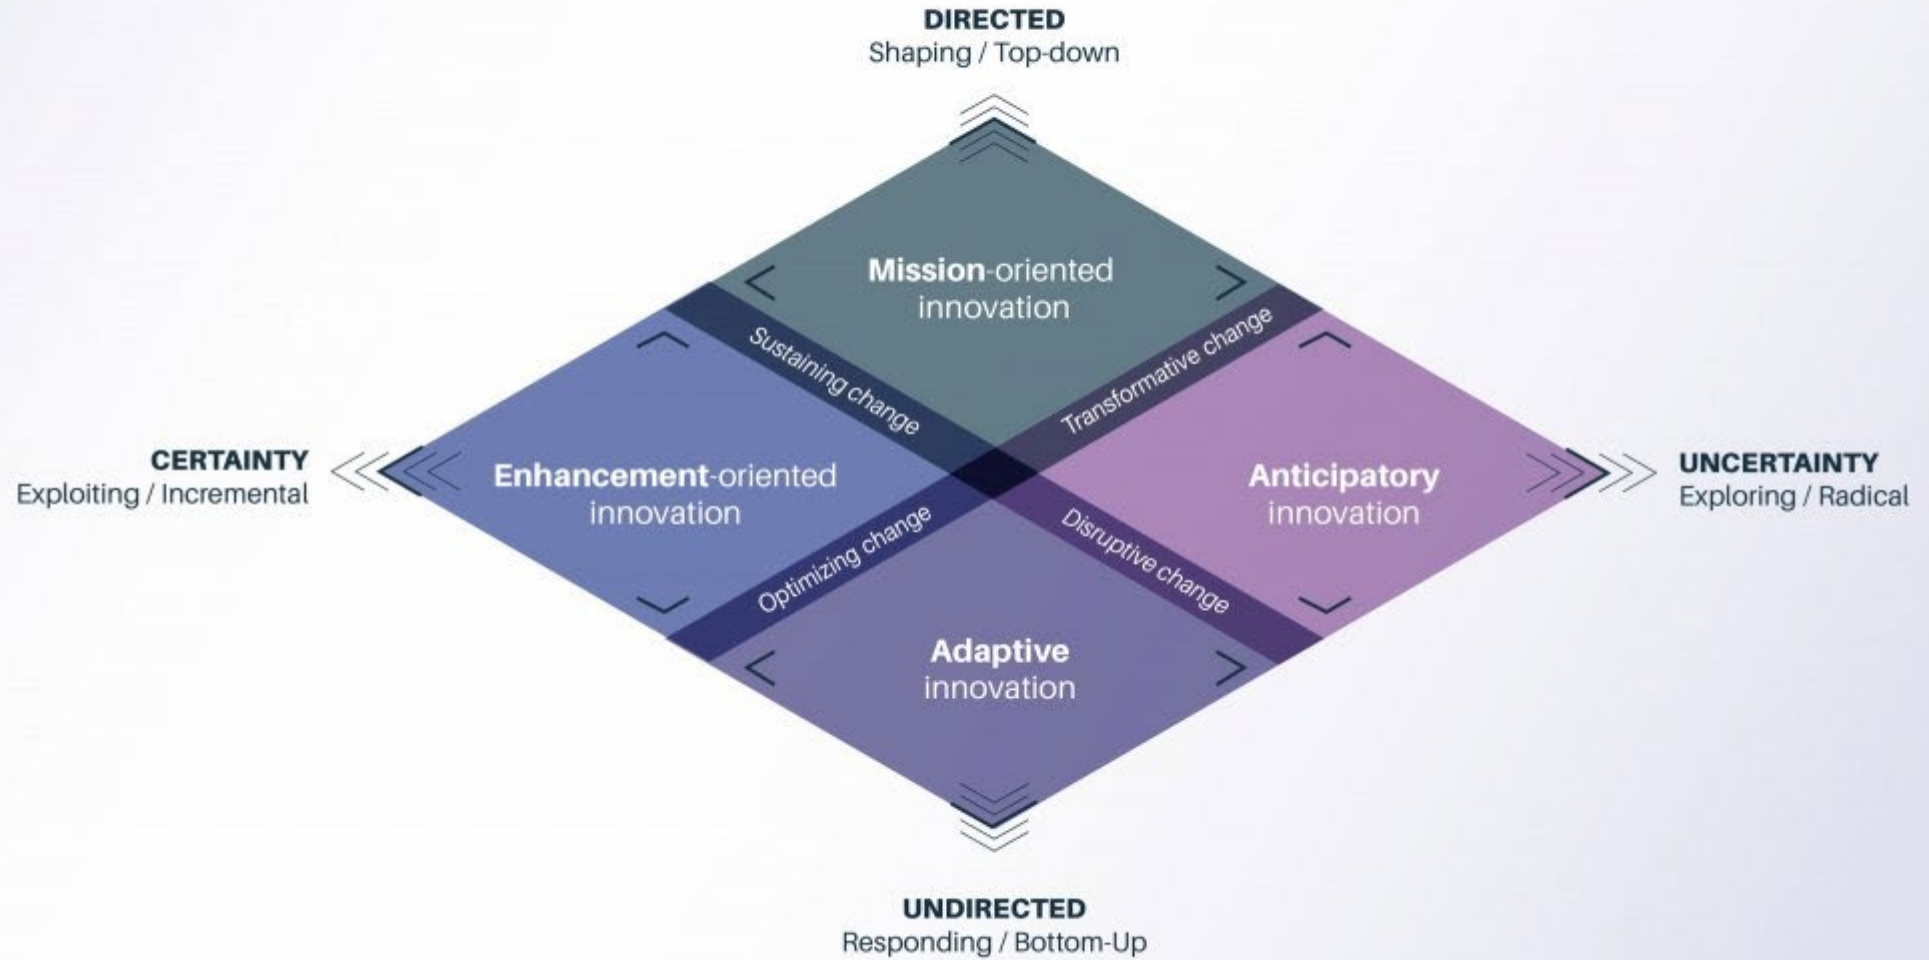

VINNOVA

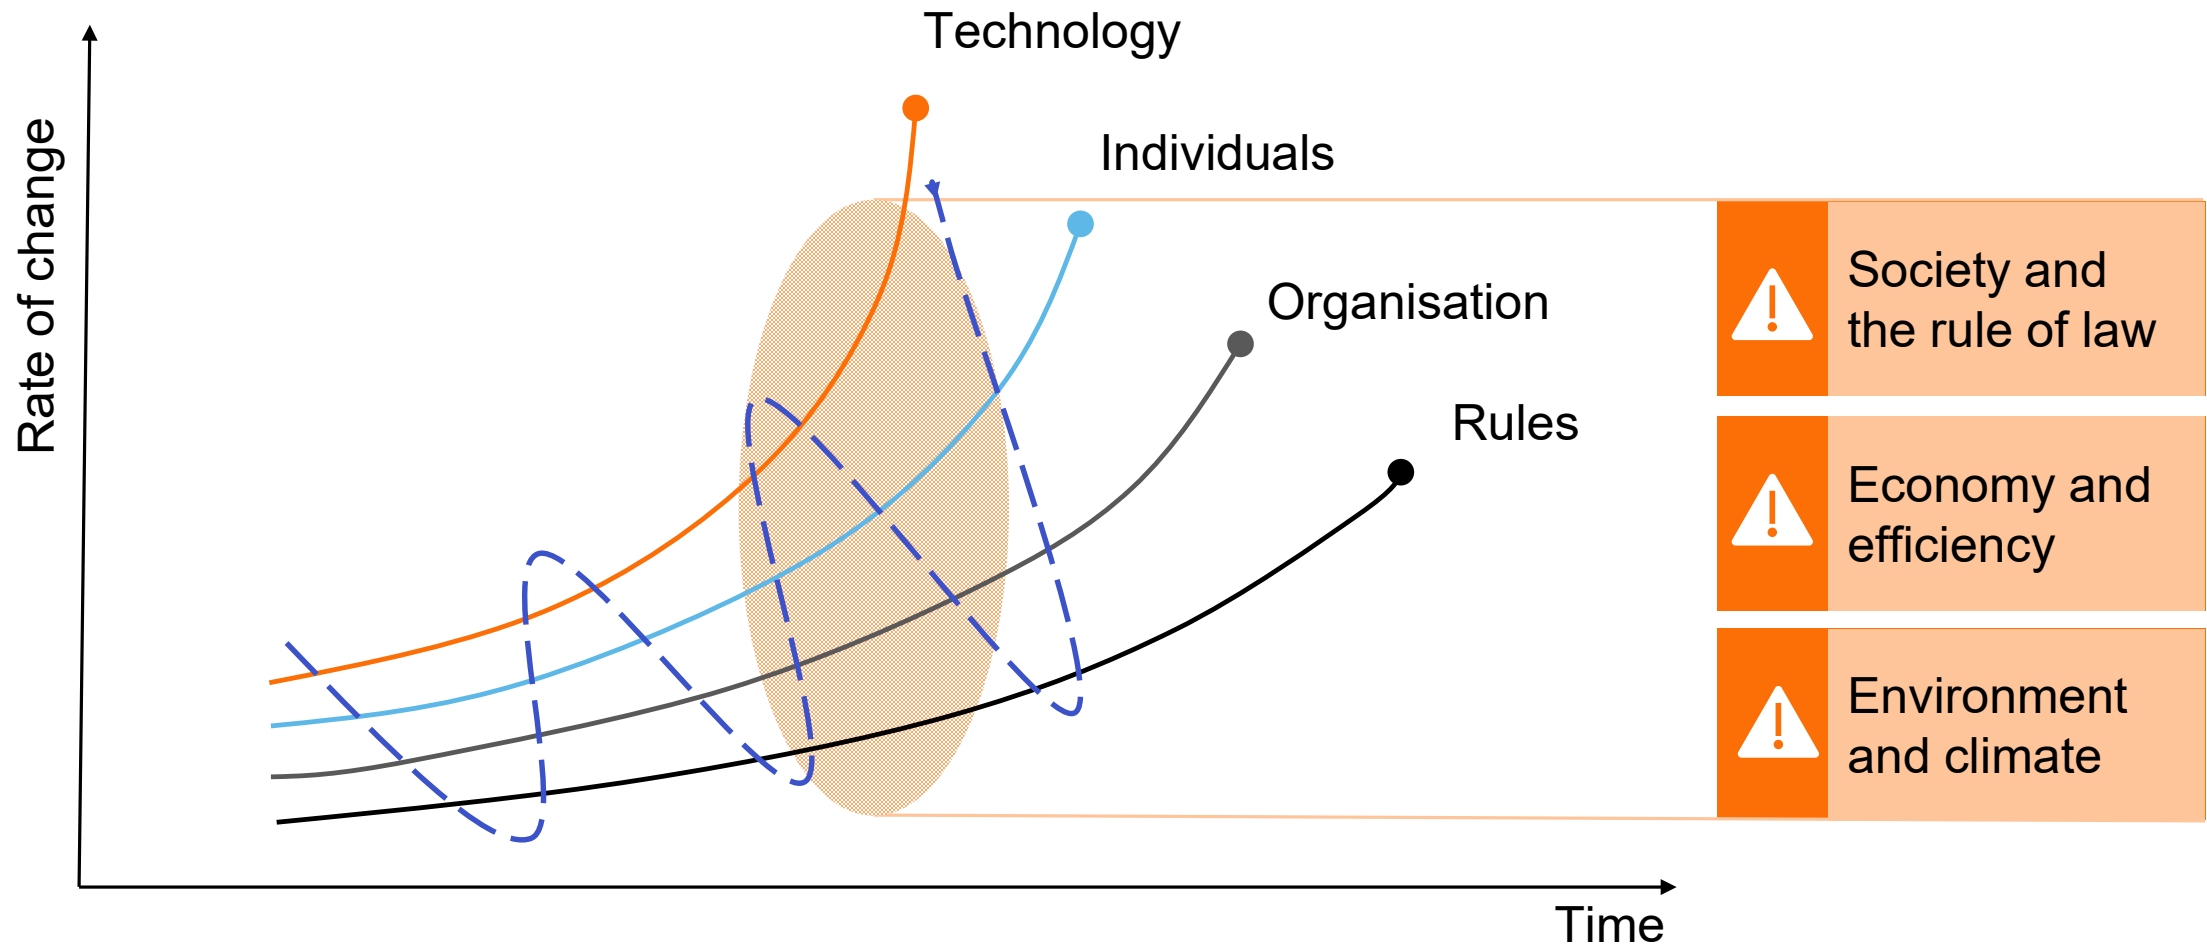

THE GLOBAL GOALS

For Sustainable Development

- **How do we find new ways to address these really complex and wicked problems?**
- **What's the role of the future public sector?**
- **International experience and best practice?**
- **How can we learn from each other?**

The public sector needs new ways of working to proactively deal with risks and opportunities

”Sweden will become a leader in responsible development and use of future technologies”

The Government is therefore appointing a committee to highlight the challenges of technology development and create the conditions for accelerating the use of new technology.
