The Horizon framework
programme is a
POLITICAL INSTRUMENT
where research and
innovation are needed to
achieve political priorities

Horizon Europe – 95,5 billion euro

Climate action target, i.e. 35% of the programme's budget, refers to Horizon Europe as a whole. This requires that ALL programme parts (also pillar 1 and 3) address climate-related priorities.

Cluster 5

Climate, Energy and Mobility

Global Challenges and European Industrial Competitiveness

Boosting key technologies and solutions, underpinning EU policies and Sustainable Development Goals

Health

Culture,
Creativity and
Inclusive Society

Civil Security
for Society

Digital, Industry
and Space

Climate, Energy
and Mobility

Food, Bioeconomy,
Natural Resources,
Agriculture and
Environment

5. Climate, Energy and Mobility

Aims

- accelerate twin green and digital transition
- climate neutrality in Europe by 2050
- deep reduction of greenhouse gas emissions
- zero pollution
- becoming a globally leading actor for sustainable technologies and services

Related European priorities

“Europe [...] is committed to keep delivering the knowledge for enabling efficient pathways and just transitions to climate neutrality”

European Green Deal

Europe fit for the digital age

An economy that works for people

Related strategies

European Climate Law & A Clean planet for all strategy

REPowerEU

EU Fit for 55

Sustainable and Smart Mobility Strategy

Partnerships under Cluster 5

| Institutionalised | Co-funded | Co-programmed |
|---|--|--|
| <ul style="list-style-type: none">• Transforming Europe's rail system• Integrated Air Traffic Management (ATM)• Clean Aviation• Clean Hydrogen | <ul style="list-style-type: none">• Driving urban transitions to a sustainable future (DUT)• Clean Energy Transition (CETP) | <ul style="list-style-type: none">• Built4People People-centric sustainable built environment• Towards zero-emission road transport (2ZERO)• Batteries: Towards a competitive European industrial battery value chain for stationary applications and e-mobility• Zero-emission waterborne transport• Connected, Cooperative and Automated Mobility (CCAM) |

Mission areas

Missions are not about R&I – they are about delivering a public good.
They are used to agree on a European level what we want to change and deliver it in society.

1

Adaptation to
Climate Change,
including Societal
Transformation

2

Cancer

3

Healthy Oceans,
Seas, Coastal and
Inland Waters

4

Climate-Neutral and
Smart Cities

5

Soil Health and
Food

Missions connected to Cluster 5

Adaptation to climate change including societal transformation

SWEDEN
Blekinge
Gothenburg
Kristianstad
Lysekil
Värmland

Climate-neutral and smart cities

SWEDEN
Gävle
Gothenburg
Helsingborg
Lund
Malmö
Stockholm
Umeå

Cluster 5 - Destinations

Cluster 5 – Destinations

Accelerating green and digital transformation of economy, industry and society achieving climate neutrality in Europe by 2050

Destination 1
Climate sciences and responses

Destination 2
Cross-sectoral solutions for the climate transition

Destination 3
Sustainable, secure and competitive energy supply

Destination 4
Efficient, sustainable and inclusive energy use

Destination 5
Clean and competitive solutions for all transport modes

Destination 6
Safe Resilient Transport and Smart Mobility services for passengers and goods

Destination 1

Climate sciences and responses

- Improving the knowledge for climate mitigation and adaption and related societal transformation
- Contributing to international assessments, such as IPCC
- Strengthening the European research area on climate change

Destination 2

Cross-sectoral solutions for the climate transition

- Complex, cross-sectoral challenges
- Sustainable batteries and value chains
- Cities and communities
- Transformation empowering citizens

Destination 3

Sustainable, secure and competitive energy supply

- European global leadership
- Sustainable solutions for specific sectors
- Stable and affordable renewable energy
- Carbon capture usage and storage

Destination 4

Efficient, sustainable and inclusive energy use

- Demand side solutions
- Energy- and resource efficient buildings
- Using industrial excess heat to reduce emissions and increase energy efficiency

Destination 5

Clean and competitive solutions for all transport modes

- Transforming road transport to zero-emission mobility
- Reduction of all aviation impacts and emissions
- Low-carbon and clean solutions in the shipping sector
- Reducing emissions and their impacts

Destination 6

Safe, Resilient Transport and Smart Mobility services for passengers and goods

- Decrease transport accidents, incidents and fatalities
- Accelerate the implementation of innovative connected, cooperative and automated mobility systems (CCAM)
- Develop multimodal transport systems through sustainable and smart freight transport and logistics

Indicative opening dates for topics

Funding and Tenders Portal

The screenshot shows the Funding and Tenders Portal interface for the Horizon Europe (HORIZON) program. The top navigation bar includes links for 'SEARCH FUNDING & TENDERS', 'PROJECTS & RESULTS', 'WORK AS AN EXPERT', and a 'clear filter' button. Two dropdown menus are highlighted with red boxes: 'HOW TO PARTICIPATE' (containing 'Key steps', 'Reference documents', 'Participant register', and 'Partner search') and 'SUPPORT' (containing 'Support overview', 'Guidance & Manuals', 'FAQ', and 'Helpdesk & Support Services').

Below the navigation, a banner states: "More efficient and effective multimodal freight transport nodes to increase flexibility, service visibility and reduce the average cost of freight transport".

The main content area displays a topic detail page for 'TOPIC ID: HORIZON-CL5-2021-D6-01-07'. The page is titled 'Grant' and features a sidebar with 'General information' sections: Topic description, Destination, Conditions and documents, Partner search, Submission service, Topic related FAQ, Get support, and Call updates. A large central panel contains the following details:

- Programme:** Horizon Europe Framework Programme (HORIZON)
- Call:** Safe, Resilient Transport and Smart Mobility services for passengers and goods (HORIZON-CL5-2021-D6-01)
- See budget overview** button
- Type of action:** HORIZON-IA HORIZON Innovation Actions
- Type of MGA:** HORIZON Action Grant Budget-Based [HORIZON-AG]
- Open for submission** button
- Deadline model:** single-stage
- Opening date:** 24 June 2021
- Deadline date:** 19 October 2021 17:00:00 Brussels time

The bottom section, also highlighted with a red box, is titled 'Topic description' and includes the following text:

ExpectedOutcome:
Project results are expected to contribute to all of the following expected outcomes:

- More efficient, effective and sustainable management of goods and freight flows in (air)ports and inland terminals, taking into account all costs (economic, social and environmental) of the proposed solutions/innovations, including externalities and possible rebound effects.
- Expanded throughput of the nodes thanks to increased operational efficiency and optimised use of assets and infrastructures, without expanding the physical facilities.
- Improved access to transhipment services at reduced costs.
- More visible and standardised services provided within the multimodal freight transport nodes, seamlessly accessible by end users to maintain continuous door-to-door tracking of freight locations

A 'show more...' button is located at the bottom right of this section.

| HORIZON-CL5-2021-D2-01-07: Support for establishment of R&I ecosystem, developing strategic forward-looking orientations to ensure future skills development, knowledge and technological leadership for accelerated disruptive technology exploration and uptake (Batteries Partnership) | 88 |
| Emerging breakthrough technologies and climate solutions | 90 |
| HORIZON-CL5-2021-D2-01-08: Emerging technologies for a climate neutral Europe.... | 90 |

Topic

Expected Outcome

Scope

| | |
|---|---|
| HORIZON-CL5-2021-D2-01-06: Sustainable, safe and efficient recycling processes (Batteries Partnership) | |
| Specific conditions | |
| <i>Expected EU contribution per project</i> | The Commission estimates that an EU contribution of between EUR 9.00 and 10.00 million would allow these outcomes to be addressed appropriately. Nonetheless, this does not preclude submission and selection of a proposal requesting different amounts. |
| <i>Indicative budget</i> | The total indicative budget for the topic is EUR 30.00 million. |
| <i>Type of Action</i> | Research and Innovation Actions |
| <i>Technology Readiness Level</i> | Activities are expected to achieve TRL 5-6 by the end of the project – see General Annex B. |
| Expected Outcome: Projects are expected to contribute to the following outcomes: | |
| <ul style="list-style-type: none">• Improved access to battery materials and strengthened European raw material independency by increased circularity of material flows and use of the secondary raw materials in new batteries produced in Europe.• Increased European competitiveness offering sustainable, safe, energy efficient and low carbon footprint battery recycling technologies and upscaleable solutions.• Reduced recycling cost and environmental impacts through new and disruptive concepts for very high efficiency recycling.• Improved health and safety aspects of recycling.• The industry is prepared to meet the new regulatory targets for the recycling. | |
| Scope: In order to effectively exploit the vast amounts of EV and stationary battery waste emerging in the next decades, as well as the increasing amounts of production scrap resulting from larger manufacturing, it is important to create innovative feasible and holistic recycling processes in Europe. | |

Why participate?

Development of cutting-edge ideas

Access to new knowledge and skills

Strategic partnerships and collaborations

Access to advanced technologies and methods

Solutions to global challenges

Röster från verkligheten

Större projekt möjliggör större satsningar och kan tackla svårare utmaningar

Tillgång till spetskompetens och infrastruktur som inte finns i Sverige

Internationellt perspektiv på samhällsutmaningar

Ömsesidigt lärande

NCP?

Summering

- Det finns många möjligheter inom Horisont Europa
- All information finns tillgänglig på Funding and Tenders Portal
- Du kan alltid kontakta oss NCPer med dina frågor!

Syfte: ge en övergripande förståelse för innehållet i Kluster 5 samt vilket stöd som finns när du skriver din ansökan.

Icke-mål: detaljerad information om utlysningar eller regelverksfrågor
