Reduction in page limits

Following the simplification of sections 2 and 3, page limits for application form part Bs are reduced by 5 pages. The new standard page limits are

- 40 pages for actual costs RIA and IA
- 45 pages for lump sum RIA and IA
- 25 pages for actual costs CSA
- 28 pages for lump sum CSA

- 40 pages for PCP
- 40 pages for PPI

Specific calls might use different page limits when specifically mentioned in the work programme and call documents.

!! These changes apply only to calls from Work Programme 2026-2027.

Calls from Work Programme 2025 and launched in 2026 will use the 2025 templates and page limits.

Economic Security

Taking into account persistent imbalances concerning innovation-related framework conditions and linked effects, and substantive concerns in relation to the undesired transfer of IP, it is deemed appropriate to restrict eligibility of legal entities established in China, under Article 22(6).

Restrictions on **Innovation Action** remain unchanged

▶ For **Research and Innovation Action**, legal entities established in China are only eligible for a subset of destinations in Cluster 2, Cluster 5, Cluster 6, Missions, Widening and the New European Bauhaus Facility, or where explicitly mentioned in the call documents

Participation of entities controlled by China is also restricted under Article 22(5) for **Innovation Actions in critical technology areas**, where specifically mentioned in the call documents.

15. General Annexes – del B Eligibility: uppdaterad med en lista över kluster och destinationer där organisationer baserade i Kina är exkluderade även från RIA:s

Ändringar:

- GEP ska nu vara antagen och signerad av höga beslutsfattare.
- Möjlighet till längre rapporteringsperioder (2 år)
- Bredare formulering kring vad medvetandegörande eller utbildning av personal kan innefatta.
- **Ändringarna gäller retroaktivt** från utlysningarna med deadline 2022.

Rekommendationer inför en ex-post check:

Se över att samtliga kriterier (processrelaterade och innehållsmässiga) täcks av organisationens GEP (eller ekvivalenta dokument)

Var redo att visa upp "additional evidence" (exempel ges i tabellen i stöddokumentet: [Gender equality plans \(GEPs\) - Publications Office of the EU](#))
