

”Participant Approval” - Guide to the form

All participants must fill in the form

All participants, including the coordinator, must fill in the form ”Participant Approval”. Participant means the parties/actors who are implementing the project, irrespective of whether they are receiving a grant or not. A financier or subcontractor is not a participant. Even if the project only has one participant (the coordinator), that participant must sign the form.

By signing the form, the participant undertakes to implement its part of the project and to do so in accordance with our terms and conditions.

The coordinator informs the participants

The coordinator is responsible for ensuring that all participants receive the form. In order to ensure that each participant understands what the signing of the form means, the coordinator must forward the following documents to the participants:

- Vinnova’s grant decision
- Vinnova’s general terms and conditions
- Guide to the form ”Participant Approval”

The participants send the signed form to the coordinator

Send the signed form as soon as possible to the coordinator (or to the person designated by the coordinator as project manager). The coordinator is responsible for collecting and forwarding all forms of approval to us.

We will not make any payment until all participants have given their approval. If we do not receive the forms on time, we may decide that the right to the grant ceases.

The coordinator sends the forms to us

The coordinator must send the signed forms attached to the start report to us via our *Intressentportal* no later than the date stated in the decision.

The coordinator shall also store the signed originals.
